- **6 000€ for EU/Erasmus zone students** (EU countries + Iceland, Liechtenstein, Norway , Switzerland and Turkey)
- **12 000€ for non EU students**

A **deposit of 1000€** is to be paid before arrival to confirm admission.

Please note that a 10% discount on the overall tuition fee is offered to the applicant that pay his/her deposit in the 30 days following the reception of the pre-admission letter.

Tuition fees can be paid in several installments (2 maximum, in October and January) following EURECOM's Regulations upon request.

PARTIAL TUITION FEES WAIVER FOR ACADEMIC PARTNERS

Recent graduates from EURECOM's partner universities may benefit from a partial tuition fee waiver

Contact admission@eurecom.fr for more information.

2. FINANCIAL SUPPORTS

INTERNSHIPS

The third semester of the program is a **22- WEEKS PAID INTERNSHIP** in a company based in France or abroad. Students receive a monthly financial allowance enabling them to cover a substantial part of their costs. The total amount of the allowance is the **sole responsibility of the company offering the internship.**

According to French law, companies in France cannot pay less than 544€/month (be aware that this is the level of the legal minimum amount in 2019, EURECOM' students receive on average a higher allowance).

PART TIME JOBS

International students with a long-term French visa are allowed to work part time in France, yet it is not advised to rely on such jobs to finance living expenses.

It is hard to find such jobs without a good grasp of French language and the workload of the Master's program is so demanding that working part-time can seriously entail the success of studies.

NOTICE ON THE MONTHLY HOUSING ALLOWANCE

6

Foreign students are eligible to receive a monthly housing grant from the French State (via the French institution called “CAF” – [Caisse des Allocations Familiales](#)), paid after the long term visa has been validated.

It is worth mentioning that the schedule and amount of payments from the CAF may vary and students should not rely on this allowance during the first months. The first payment is usually made in November or much later and the first month of living in France is not taken into account in the payments.

Students should be aware that the allowance is not guaranteed before applying as the decision to grant it depends solely on the CAF and neither French schools nor students can influence their decision.
